

Perception™ Gel with Mini Dried Flowers

1. Clean hand with LeChat Gel Cleanser nail Preparation Solution.

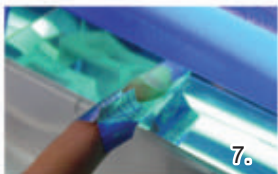

2. Gently push back cuticles & remove pterygium

3. Remove shine on natural nail bed with Le Chat 180 grit zebra file.

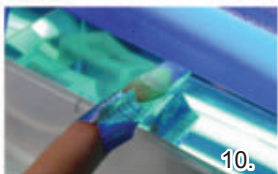

4. Apply Le Chat 2-way Nail Form.

5. (Optional) If needed apply Le Chat gel primer to natural nail bed only. Let dry to chalky-white

6. Sculpt the stress area and free edge with Perception™ color gel. If necessary, touch up smile line using clean gel brush slightly dampened with gel cleanser.

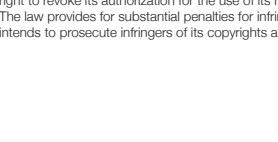

7. Cure under U.V. lamp for 10-15 seconds

8. Using Le Chat gel base, brush from cuticle to stress area as if to polish nail. Be sure to go completely around both side walls.

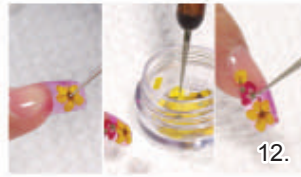

9. Sprinkle Le Chat Powder Gel® evenly onto nail bed, make sure to cover both side walls as well. (you may use either Clear, Iced™, or Stardust™)

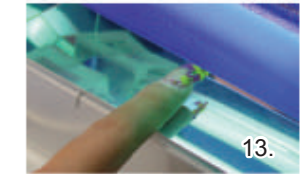

10. Cure for 2 minutes. (If necessary after removing from U.V. lamp, you may apply more Gel Base and Powder Gel® for more leveling or to build a high point then cure again for an additional 2 minutes.)

11. Wet the area to lay design with a thin layer of Le Chat Gel Base.

12. Touch the picker with a small amount of Gel Base to pick up Le Chat Mini Dried Flowers then gently lay flowers in desired pattern.

13. Cure under U.V. lamp for 10 seconds.

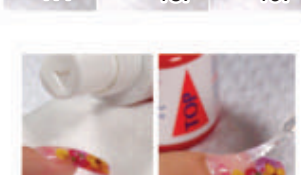

14. Apply Gel Base to entire nail as if to polish nail. Be sure to go completely around both side walls.

15. Sprinkle Le Chat Powder Gel®, making sure to cover both side walls.

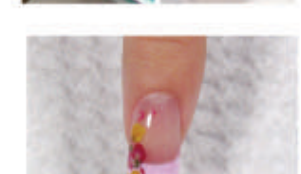

16. Cure for 2 minutes. (If necessary after removing from U.V. lamp you may apply more Gel Base and Powder Gel® for more leveling or to build a high point then cure again for an additional 2 minutes.)

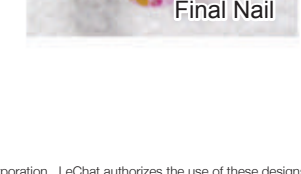

17. File and shape nail to insure even surface. Make sure around cuticle area is cleaned and tapered down.

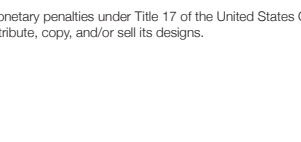

18. Buff entire nail to smooth.

19. Brush off any excess dust with nylon brush.

20. Saturate lint free wipe with Gel Cleanser to clean surface of nail.

21. Apply 1 layer of Le Chat Gel Top. Make sure to cover all around nail including capping the free edge. (do not use excess Gel Top)

22. Cure for 10 to 15 seconds. To insure smooth surface, apply 2nd thin layer of Gel Top then cure for 2 minutes

23. Saturate lint free wipe with Gel Cleanser and wipe off tacky residue.

24. Apply Cuticle oil treatment.
