

Step-by-step instructions on how to apply over any finished set of artificial nail enhancements.

Pro•Tec™

(Non-Cleansing Gel Top)

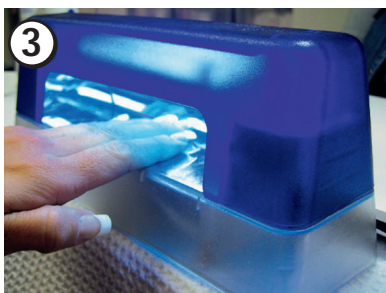

1.) Clean hand with LeChat Gel Cleanser and Nail Preparation Solution. (Surface must be clean and free of oil and dust)

2.) Apply a coat of Pro•Tec. Make sure to completely cover and cap free-edge.

3.) Cure under U.V. light (minimum of 6 watts) for 3 minutes.

4.) YOU'RE DONE...

- No Cleansing
- No Buffing
- No Tacky Residue
- Superior shine that lasts.
